

OFFICIAL DISPATCH

DISPATCH NO. STN-402

FEB 2 1953

DATE:

1. Although Mr. SIRAGUSA states in the referenced report that his source Carlo BOGHI has not been fully identified by the Italian police, we are informed by the appropriate desk that Carlo BOGHI is a very well-known Italian policeman and counterintelligence informant. His part in the Bollman case is well documented in Headquarters files. Furthermore, he has a reputation of being a hell time operator with big ideas and plans. It would, perhaps, be advisable to turn Mr. SIRAGUSA off the above.
2. For your information, the above referenced report from Mr. SIRAGUSA was also received in Washington through ~~any~~ channels.
